# Walmart Vision Center Replenishment

Richardson Retail is approved to replenish the Optical Warehouse with "99 Supply" items.

## DO YOU PLAY SPORTS?

Whenever you use eyeglasses or contact lenses you should know that...

### The Facts Are...

- More than 600,000 eye injuries related to sports and recreation occur each year.
- Over 85% of children do not utilize protective eyewear in situations that represent a risk of eye injury.
- Every 13 minutes a person with a sports related eye injury visits an emergency room.
- More than 90% of all eye injuries can be prevented with the use of appropriate protective eyewear.

Many organizations, researchers, and individuals strongly advise the use of Protective Eyewear:

- The American Academy of Pediatrics
- American Academy of Ophthalmology
- American Optometric Association
- American Public Health Association
- The Coalition to Prevent Sports Eye Injuries
- National Eye Institute
- Prevent Blindness America

## SCOPE OF WORK:

- We replenish existing items through EDI or work with the Vision Center buyers to design and create new items.
- We either master pack for shipment into the Optical Warehouse or drop ship direct-to-store when new items are introduced.
- Richardson produces various brochures, tear pads and items to assist with modular sets.
- The items we produce are for both Walmart & Sam's Club Vision Centers.
- Because Richardson offers turnkey solutions, we are able to print, finish and kit pack on-site in our Kansas City facility. Our centralized location affords us strategic positioning for all store distributions.

## Contact Lens Care & Wear

- Reviewed proper contact lens wear and care instructions.
- Do you need contact lens care solution?
- Do you need a contact lens case?
- Remember to always follow your eye care professional's recommended contact lens replacement schedule and see them regularly for contact lens and eye examinations.

### 3 Ways to order contact lenses

1. Online at [www.walmartcontacts.com](http://www.walmartcontacts.com)
2. By phone, dial 1-800-741-LENS (5367)
3. In a Walmart Vision Center

### Proper contact lens care\*

- Always wash and dry your hands with a lint-free towel before handling contact lenses.
- Clean and disinfect your contact lenses as directed by your eye care professional and follow product directions.
- Clean your contact lens case daily. Pour out used contact lens solution and rinse contact lens case with fresh contact lens solution. Don't use tap water to rinse your contact lens case. Keep case open and dry between cleanings.
- Only use fresh contact lens solution for storing, cleaning and disinfecting contact lenses.
- Store contact lenses in proper contact lens case and replace case as directed.
- Not all contact lens solutions are the same. Be sure to use a contact lens solution recommended by your eye care professional.
